Join us for the: “Healthcare 2010 UnConference”

Lead the change YOU want to see.

Join the voices influencing the next chapter of the health care story...

Why YOU need to attend the UnConference:

- ✓ You are all stakeholders of this system with an obligation to bring visibility and momentum to the change happening in health care
- ✓ Developing your change network contributes to your role and the larger goal
- ✓ Your perspective and intuition about what has to happen for this transformation is valuable
- ✓ This is your opportunity to voice your part in the story of the community flow through health care – your experience is the value you bring

**Leverage the power of your network...there is no box.
At the end of this UnConference, I will be able to:**

- ✓ Identify the interdependencies within the health care value network
- ✓ Identify the potential members of my network and expand it
- ✓ Leverage my network to support my role and my organization
- ✓ Build bridges across communities of practice
- ✓ Review, reflect upon and challenge my assumptions
- ✓ Take the learning, and actionable recommendations back into my workplace – influence my peers and organization by being the change I want to see...and pay it forward

This interactive and highly collaborative event is participant driven and designed for impact across the value network in your organization. The Healthcare 2010 UnConference is a **must attend** for anyone in the service of health care in Ontario.
